Armed Services Committee staff, and gave him our latest draft of the CIA legislation which he plans to have reintroduced as soon as possible. He also advised that Chairman Rivers had signed an appropriate letter to the Comptroller General, Elmer Staats, concerning Agency disposal of financial records. X1 10. Don Deuster, in the office of Representative Robert McClory, called asking that the Congressman be sent three sets of application forms for employment together with professional brochures. I advised Mr. Deuster these would go forward. X1 11. Met with Miss Phyllis Seymour, Special Subcommittee on National Defense Posture, and delivered the Agency response relating to military shipments to Cambodia. I placed this paper together with the originals of the other inserts in their proper page positions in the transcript. Miss Seymour expressed her appreciation for the Agency's prompt follow-up on a request made to the Director, and the assistance provided in inserting the documents in the transcript. Met with Richard Sewell, Representative Bennett's Administrative Assistant, at Mr. Bennett's request, Mr. Sewell took the opportunity while I was with him to advise that he is President of the Burro Club, which is the Capitol Hill association of Democratic Administrative Assistants. He, as President, is interested in having a senior Agency individual address the Burro's. If available, they would like the Director, and would come to the Agency if that were desirable. Normal attendance at their sessions is about 100 individuals. I advised Mr. Sewell that the Director was not available at the present time, but that I would pass their request on in general terms, and that I would talk to him further during the week.
